

Altona College

2020 Student 1:1 Laptop Program

In 2020, students in Year 4-11 will require one of the carefully selected options for the 'Managed BYOD' program. The Lenovo 11e series selected meets the needs of our students, our teaching and learning philosophy and our college infrastructure.

From Year 10 students are able to consider upgrading their device to a newer, faster, wider Lenovo product or select from the 13inch MacBook Air or Pro options.

JB HiFi's Education branch will handle the program with all business conducted directly with them. JB Education have developed a portal specifically for our college. Parents access this portal and place their order directly.

HOW TO ORDER...
