

PREP CHARGES 2020

Dear families,

Welcome to Altona College we look forward to working with you as family in 2020.

The School Council has approved the 2020 school charges for your child.

You will be able to pay the amount below on our school Compass portal. As a new family to our college you have received your compass log.

Compass will allow you to mark absences for your child, pay and give permission for your child to attend camps and excursions, view reports and many other features to ensure we have a successful two way communication portal. You can follow the instructions given to you at our steps to prep program.

Keep an eye out for compass alerts on your compass home page, you can access compass from your phone app. This is our main mode of communicating with families.

Note: Book box items are ordered separately from Campion online
